

# IECA Mountain States Virtual Connection: Water and Land Protection in the Rockies

November 10, 17 and 24, 2020

## IECA Mountain States Virtual Connection: Water and Land Protection in the Rockies November 10, 17 and 24, 2020

The IECA Mountain States Chapter is focused on the conservation and restoration of soil and water resources throughout the region. While unable to conduct an in-person conference, we have a line up of industry leaders scheduled to present over 3 weeks, 6 - one hour live webinars (available on-demand, post-event) and an on-demand presentation. These presentations speak to present challenges while recognizing lessons of the past. Industry professionals will leave this event with practical knowledge that can be applied to their job. Seven (7) Professional Development Hours are available.

### November 10

- **10:00 - 11:00 AM | The Influence of Erosion on Mesa Verde Water Systems**, presented by Kenneth Wright, P.E.
- **1:00 - 2:00 PM | Section 404 Permitting Overview**, presented by Nicholas A Franke

### November 17

- **10:00 - 11:00 AM | BMP Implementation in Arid Portions of the Rocky Mountains**, presented by Travis Fristad
- **1:00 - 2:00 PM | Arid Revegetation Fundamentals via Soil Health and Biotic Soils**, presented by Dr. Michael Robeson, PE

### November 24

- **10:00 - 11:00 AM | Temporary Diversion Methods for Working in Waterways in Colorado**, presented by Andrew Earles, Ph.D., PE, CPESC and Jennifer Keyes, CPESC
- **1:00 - 2:00 PM | Navigating Compliance when Working in Waterways**, presented by Elisabeth Miller

### On-Demand Session

- **Forensic Wetland Delineation and Characterization**, presented by Daniel DeJoode

**COST:** FREE to Members, \$50 Nonmembers
