

Evan Oliver, CISEC Bio

Evan is a current member of the IECA and has been working in the stormwater industry for seven years. He graduated with a B.S. in Environmental Science from Washington State University and began working for the Washington State Department of Ecology shortly after. Since moving to Colorado in 2014, he has held several positions with industry leaders in stormwater and is currently an Area Manager with CMS Environmental Solutions. In his free time, Evan enjoys spending time in the outdoors hunting, hiking, and running.

Statement to Why Nominee Wants to be on IECA Board

I would love to expand my knowledge by collaborating with other professionals within the industry. I can provide valuable insight to the board based on many years of hands on experience. This is my first time running and I look forward to the opportunity to represent my peers in the IECA.
