

Rachel Higgins, CPESC, CESSWI, is the Mountain States Market Development Manager for Profile Products LLC. She consults with engineers and project managers to design innovative erosion control and vegetation solutions. She provides recommendations to improve soil health with hydraulically-applied soil amendments and erosion control products to ensure sustainable vegetation establishment and project success. Higgins has her bachelor's degree in Agricultural and Biological engineering from the University of Illinois at Urbana-

Champaign with a concentration in soil and water sciences. Prior to Profile, Rachel worked for the Illinois State Water Survey monitoring dissolved oxygen levels and water quality for the EPA in Illinois Watersheds.
